**Remember, all band materials and instruments look the same, so please be sure to label everything before you come to school!** Luggage tags are a great way to personalize your instrument and to display your name and phone number on your instrument case.

***Your child should not bring their instrument on the first day of school.*** If your equipment is delivered to the school, we will assist with having it ready to pass out to them on the second day. School owned instruments will also be distributed the same day if the Instrument Fee has been paid on My Payments Plus.

The items listed on your materials list have been chosen and cleared by the band directors based on years of experience. Purchasing an instrument not listed could hamper your child's experience. Music Stores can arrange to deliver your child's instrument directly to the school at no charge to you. This is strongly encouraged, since it assures you that your child will not damage the instrument due to a lack of proper instruction. Additionally, they will not develop bad habits due to this same lack of instruction. If you do not arrange to have your instrument delivered to the school, you should not allow your child to handle the instrument before school starts.

***Your child CAN use the instrument and practice if they are in private lessons with our teacher staff over the summer.***

## Volunteer Information

In order to be a chaperone/volunteer for any band events, you must be cleared as an official Fisd volunteer. Each volunteer must fill out information for a background check online. We will explain more about volunteer opportunities at our Registration Meeting in the late August.

Go here for Fisd Volunteer and Background Check Form  
<http://www.friscoisd.org/about/resources-and-information/background-checks>

We will be using Sign Up Genius to volunteer for all band events. Please visit our links to sign up for volunteer opportunities throughout the year.
